# **PROVIDER DIRECTORY**

## CERTIFIED COMMUNITY MENTAL HEALTH AGENCIES

The Division of Comprehensive Psychiatric Services (CPS) divides Missouri into 25 service areas (see map on last page). Each area has a Community Mental Health Center which provides psychiatric services to individuals in need; and is designated as the Division's Administrative Agent. These Administrative Agents serve as the primary entry and exit point for state mental health services. They are responsible for the assessment and services to both adults and children in their assigned areas and for providing follow-up services for individuals released from state-operated inpatient hospitals.

CPS Certified programs include: Comprehensive Psychiatric Rehabilitation Center for Adults, Comprehensive Psychiatric Rehabilitation Center for Children and Youth, Outpatient Mental Health, and Access Crisis Intervention.
